

# **“Caring Connections: Supporting Peers Through Christ”**

**October 24-25 (Friday & Saturday)**

**Kansas City Lutheran High School**

**High School Youth** will receive practical, Gospel-centered training to help them become leaders in their churches and communities. This year's focus—**“Caring Connections: Supporting Peers Through Christ”**—equips teens to support others through Christ by learning how to listen, observe, ask, and pray (LOAP). Through video sessions, engaging talks, and small-group discussions, youth will grow in their relationship with Jesus and learn how to care for both Christian and non-Christian friends with Christ at the center.
